

## BOCG Life partnered with Doctor Pet for elderly visit

26 January 2015

BOCG Life has been living up its spirits in realising corporate social responsibility and supporting different kinds of charitable and community activities. Earlier this year, our volunteers partnered with Doctor Pet, a charitable organization, to visit senior citizens in an elderly center in To Kwa Wan to show our love and caring.

Over 50 elderlies attended the event and enjoyed a fun afternoon. The elderlies participated in games and appreciated performances by the pets from Doctor Pet. We helped the elderlies to take photos by an instant camera to record the happy moments with their furry friends and we also presented gifts to the elderlies.
